

Ground Control.

Maintaining the vision since 1969.

FACILITY MANAGEMENT

USRA manages or co-manages **research and operations facilities** across the country. Safety is a priority for all facilities managed by USRA, as well as attention to efficient and effective **use of resources**. USRA engineers

and managers understand the **missions being served** by our various facilities, and work with the science community to provide **safe and efficient services** that meet the needs of our users and sponsors.

WHO ARE WE?

USRA is an independent, nonprofit research corporation where the combined efforts of in-house talent and university-based expertise merge to advance space science and technology. USRA works across disciplines including **biomedicine, astrophysics, and engineering** and integrates those competencies into applications ranging from **fundamental research to facility management and operations**. USRA engages the creativity and authoritative expertise of the research community to develop and deliver sophisticated, **forward-looking solutions** to Federal agencies and other customers - on schedule and within budget.
